Starting Your SEARCH

Type your search terms in the Search Bar, which can be key words, company names, or authors' names

The screenshot shows the Scrip search interface. At the top left is the Scrip logo with the tagline 'Informa Pharma Intelligence'. A search bar with the placeholder text 'Search the site' and a magnifying glass icon is highlighted with a red box and a yellow circle with the number '1'. Below the search bar, the 'Search Results' section is visible. On the left, there is a 'Filter By' sidebar with a 'Clear All' button. Under 'Publication', there are checkboxes for 'Pink Sheet (3259)', 'Scrip (2537)', 'Medtech Insight (1512)', 'HBW Insight (568)', and 'In Vivo (508)'. A yellow circle with the number '4' is next to the 'In Vivo' checkbox. Under 'Date', there are radio buttons for 'All', 'Last 24 hours', and 'Last 3 days'. The main search area shows the search term 'kidney' in a search box, a 'Search Tips' button (circled in red), and a checkbox for 'Search headlines only'. Below the search box, it says 'Showing 1 - 10 of 8,460 results for kidney'. A 'Keyword Search Tips' pop-up window is open, containing text about search tips. A yellow circle with the number '3' is next to the 'Keyword Search Tips' title. A yellow circle with the number '2' is next to the 'Search' section header.

1 The **SEARCH BAR** appears towards the top of every page.

TIP: To see more search options quickly, run a search without any search terms.

Searches retrieve results if they are found in a headline or article text. Searches do not search within tags—use filters to restrict results based on tags.

2 **TIP:** To focus your search, you can restrict your search to headlines only.

3 View our **SEARCH TIPS**, which can be found on any search results page, to ensure you get the most of your searches.

4 There are 10 ways to filter your search results to narrow them down and target your result set to your needs. Filter your results by any combination of: Publication, Industry, Subject, Therapy Area, Device Market Area, Date, Company, Region, Content Type and Media Type.

Search Rules and Techniques: Boolean Search

You can use the Boolean operators AND, OR, NOT to include or exclude results from your search. You can also use parentheses to create nested Boolean searches.

The screenshot shows a search interface with a search bar containing the query "Pfizer AND (Novartis OR Merck)". Below the search bar, there is a checkbox for "Search headlines only" which is checked. The results section shows "Showing 1 - 10 of 142 results for Pfizer AND (Novartis OR Merck)". The first result is dated "29 Jan 2021" and is a "NEWS" article titled "Novartis Steps Up To Plate To Produce Pfizer/BioNTech COVID-19 Vaccine". The second result is dated "31 Dec 2020" and is a "NEWS" article titled "Coronavirus Update: Regeneron's New Antibody Efficacy, Pfizer And Merck Strike US Contracts". The third result is dated "31 Jul 2020" and is a "NEWS" article.

EXAMPLES:

Pfizer AND Merck finds articles containing both Pfizer and Merck.

Pfizer OR Merck finds articles containing either Pfizer or Merck.

Pfizer NOT Merck finds articles containing Pfizer, that do not also contain Merck.

Pfizer AND (Novartis OR Merck) finds results containing Novartis and Pfizer, Merck and Pfizer, or all three.

Search Rules and Techniques: Exact Matches

By default, stemming is applied to your search terms to automatically search for word variants. This means that typing the search term develop might also find developer. To search for an exact match, enclose your search terms in quotes.

24 Nov 2015 NEWS

Generic Daklinza Deal Sets Precedent In HCV Drug Licensing

1 Searching for **"generic drug"** will retrieve only results containing that exact phrase.

2 Searching for **generic drug** will find results containing generic and drug, but might be separated by other words, or, as a result of stemming the results might contain words with the same stem, such as generics or general.

3 You may also use Boolean operators between separate quoted terms. If you want to find all articles containing the exact words **"generic"** and **"drug"**, but not necessarily adjacent to each other or in that order, you can search for **"generic" AND "drug"**.

Search Rules and Techniques: Wildcards

Using an asterisk (*) at the beginning, middle or end of a word or part of a word will allow you to find matches that include additional letters, as represented by the asterisk.

Recommended EU Ban On Genetic Testing For Insurance

By Amanda Maxwell

Increasingly, insurance companies would like to base premiums on personal data, including from genetic testing. But a new EU

1 Searching for **gen*** finds articles containing general, gender etc.

2 Searching for ***gen** finds articles containing Amgen, oxygen, etc.

3 Searching for **gen*ic** finds articles containing genetic, generic etc.

Customizing Your Results: Sort and Display Options

You have several options to change the search result display.

The screenshot shows a search results interface for the term "heart". On the left, there are filter sections for "Publication", "Industry", and "Subject". The "Publication" section has "Medtech Insight" selected. The main content area shows a search bar with "heart", a "Search" button, and a "Search Tips" link. Below the search bar, there are options to "View headlines only" (annotated with 1) and "SORT BY" options for "Date" (annotated with 2) and "Relevance". The search results show a news article titled "Medical Device Startups Shine At AXA PPP Health Tech & You Awards" by Catherine Longworth, dated 28 Apr 2017. At the bottom, there is a "Results Per Page" dropdown menu (annotated with 3) showing options for 10, 20, and 50 results per page, and a pagination bar with links for 1, 2, 3, 4, 5, and Last.

1 Turn on **VIEW HEADLINES ONLY** for a more condensed display. feature

2 Sort by Date or Relevance, ascending or descending.

3 Scroll to the bottom of the page to select the number of results per page and navigate to the next page.

Customizing Your Results: Facets and Filtering

What you see is up to you. The search functions across all of our publications – showing the full breadth of content we offer on any given search parameters. Or, you can limit your search to just the publications you subscribe to, or the subject area, region, date range or media type you need.

HBW INSIGHT
Nestlé Sees Importance Of Local Brands In 'Fragmented' VMS Market
By **Tom Gallen**

- 1** You can click on the calendar icon or enter dates to select a date range. If you are entering a date range, be sure to use day/month/year format. For example, enter January 15, 2020 as 15/01/2020.
- 2** To use the **Companies** Filter, start typing the company name to choose it from the list. You may see fewer results than searching for a company name by keyword, because a story is not tagged with a company name if the company is simply mentioned in passing.
- 3** To limit your results to podcasts, videos or other multimedia, use the **Media Type** filter.

Saving and Sharing

Save your search to run again later, turn it into an RSS feed, or share it with a colleague via email. You can also bookmark articles from the results page

The screenshot shows a search results page for the keyword "kidney". At the top right, there are four numbered annotations: 1 (EMAIL), 2 (RSS), 3 (SAVE SEARCH / SET ALERT), and 4 (star icon). The left sidebar contains filter options for "Publication" (Medtech Insight, Pink Sheet, Scrip, HBW Insight, In Vivo) and "Date" (All, Last 24 hours, Last 3 days, Last week, Last month, Last year, Select date range). The main content area shows search results for "kidney", including a "Cardiovascular Catch-Up: Spring Brings Bloom Of New Clinical Trial Results And Launches" article by Reed Miller, dated 11 Jun 2021. A "4" annotation is placed next to the star icon for this article. Below it, another article from 2 Jun 2021 is partially visible.

1 Fill out a simple form to email a list of your results to someone else—or yourself.

2 Set up an RSS feed based on your search criteria.

3 Save your search to run again later, or turn it into a custom email alert so you are automatically notified whenever new content meeting those search parameters is published.. Go to **My Account** to view your results again.

4 Bookmark an article for future reference directly from the result list.
