QUOTED. Jan. 22, 2018. Suzanne Winter.

by

Check out what Medtronic Diabetes VP Suzanne Winter had to say about the company's goals for a value-based health-care model.

"Ultimately, what you would love is for everybody to have aligned processes and goals in place to make sure that every patient is getting the best therapy possible and is completely engaged. That's very difficult, I think, from a payer standpoint." –Suzanne Winter, VP of Americas Region, Medtronic Diabetes
