QUOTED. April 12, 2018. Susan Van Meter.

by

Check out what AdvaMedDx head Susan Van Meter had to say about the focus of the diagnostics industry on the Trump administration's recent announcement of proposed tariffs on Chinese goods.

"The diagnostics sector is also being targeted with these tariffs, so we'll be spending the next few weeks prior to the official USTR hearing talking with our members and learning firsthand just how deep these potential tariffs will strike." – Susan Van Meter, executive director, AdvamedDx
