QUOTED. Nov. 19, 2018. Erik Hansson.

by

The number of countries to which the EU's MDR and IVDR will apply totals 33. But the regulations will impact many more markets than that, according to Erik Hansson, deputy head of the European Commission unit that oversees medical devices. See what he said here.

"What we are doing in Europe is not just having an effect in Europe." –Erik Hansson, deputy head, cosmetics and medical devices unit, European Commission
