QUOTED. 23 May 2019. Armin Ritzhaupt.

by

Much-awaited draft guidance on quality expectations for EU marketing authorization applications for integral and other types of drug-device combination products is due to be published for public consultation shortly. See what the European Medicines Agency's Armin Ritzhaupt said about it here:

"The new draft guidance will contain "clear instructions" on what to submit in a dossier."
–Armin Ritzhaupt, European Medicines Agency
