Device Week, 14 June 2019: Genomic Spy Games?

by [Shawn M. Schmitt](#)

In this week's *Medtech Insight* podcast, executive editor Shawn M. Schmitt and senior reporter Sue Darcey discuss recent reporting on efforts by US senators to control and stop Chinese researchers in the US from using their research jobs at the National Institutes of Health, and at American medical colleges and universities, to steal genomic data and share it with the Chinese government.
