

17 Jun 2019 | Interviews

QUOTED. 17 June 2019. Hiten Chawla.

by

At this year's American Diabetes Association meeting in San Francisco, *Medtech Insight* sat down with Hiten Chawla, Medtronic's VP of global marketing for its diabetes business, to learn more about their announcements and plans. See what Chawla said about it here.

“When you come out with a technology that is breakthrough, you have to take risks. Risks in terms of ensuring safety is priority, more than anything else.” – Hiten Chawla, VP global marketing, Medtronic
