## QUOTED. 11 July 2019. Ranndy Kellogg.

by

This year, Omron Healthcare introduced its new HeartGuide smartwatch and the first US FDA-cleared blood pressure monitor with EKG capability, Complete, which it developed in partnership with AliveCor. See what Omron's CEO, Ranndy Kellogg, said about the company's plans here.

"We are in the process of developing a road map [for the next five years] of which features to add. There are lots of different data points we can collect via that device." – Ranndy Kellogg, CEO, Omron Healthcare
