QUOTED. 20 August 2019. Suzanne Winter.

by

Medtronic and the nonprofit health plan Capital District Physicians' Health Plan Inc. (CDPHP) announced they'll be collaborating on an outcomes-based agreement for diabetes patients using Medtronic's insulin pumps. See what Suzanne Winter, VP of Medtronic's Diabetes Group said about it [here](#).

"This innovative partnership illustrates how a health insurer and medical device company can work together to improve diabetes care, elevate patient and physician experience and prioritize overall population health." – Suzanne Winter, VP Diabetes Group, Medtronic
