QUOTED. 25 January 2021. Scott Whitaker.

by

US President Joe Biden has invoked the Defense Production Act to ramp up COVID-19 tests and personal protective equipment. See what AdvaMed's CEO Scott Whitaker wrote in a letter to Biden where he asked that the device industry be included in the administration's decision-making process.

"We are deeply familiar with what works, what doesn't, and which actions would ultimately prove counterproductive." – Scott Whitaker, CEO, AdvaMed
