Device Week, 29 January 2021 – Medtech And 5G; Biden Invokes DPA; 3 Eyed For CMS Chief

by [Ferdous Al-Faruque](#)

On this week's podcast we talk about 5G cellular technology and the role it could play in the health care industry. We also discuss President Biden's recent decision to invoke the Defense Production Act and what it means for medtech, and we tell you the names of three people who are on the short list to be the next director of the US Medicare agency CMS.
