Device Week, 19 February 2021 – A Mix Of Insulin Pump; Liquid Biopsy; Transcatheter Device News

by [Marion Webb](#)

In this week's podcast, *Medtech Insight's* managing editor Marion Webb discusses Guardant Health's launch of a new liquid biopsy test to detect early-stage colorectal cancer. Deputy editor Reed Miller discusses Canadian-based Neovasc's recent funding and what it could mean for its Reducer transcatheter technology. UK-based reporter Barnaby Pickering gives an overview of the fast-growing insulin pump market.
