Device Week, 5 March 2021 – Remote Monitoring Reimbursement, T-cell Diagnostics, And A Digital Health Feature

by [Reed Miller](#)

In this week's podcast, managing editor Marion Webb discusses a new monthly digital health roundup which will soon feature on *Medtech Insight*. Managing editor Reed Miller discusses reimbursement difficulties as it applies to remote cardiac monitoring. UK-based reporter Barnaby Pickering gives an overview of an interview with the chief medical officer of Adaptive Biotechnologies about its new T-Detect platform.
