QUOTED. 16 March 2021. Richard Price.

by

AdvaMed outlined recommendations to expand Medicare coverage for digital health tech. See what AdvaMed's senior VP for payment and health care delivery, said about it here.

“I believe the public health emergency has demonstrated conclusively that digital technologies can be and in fact have become an integral component of the health care delivery system.” – Richard Price, senior VP for payment and health care delivery, AdvaMed
