# QUOTED. 25 May 2021. Stephen Lightfoot.

by

The UK devices regulator will prioritize innovation, global best practices and enhanced patient safety and the patient voice, MHRA board member Stephen Lightfoot said during the ABHI's spring regulatory conference. See what else he said about the agency's thinking here.

“Rather than being beholden to the European system, we need to look more globally. The US and Asia are directions the UK should also look to.” – Stephen Lightfoot, chairman, Medicines and Healthcare Products Regulatory Agency (MHRA)
